Cleaning

Cleaning

Regular Upkeep

To ensure a long lifespan of your VEXIL use the included cleaning brush to remove any left over particles from the herb chamber and mouthpiece after every use once the unit has had a moment to cool down.

Deep Cleaning

The Chamber

To clean the chamber, ensure the unit has had a moment to completely cool down. To ensure no alcohol drips into the internals, turn the unit upside down, and after use a q-tip or paper towel soaked with isopropyl alcohol and gently wipe the chamber clean.

The Mouthpiece

Completely disassemble the mouthpiece to clean. Each piece can be cleaned with q-tip or paper towel soaked with isopropyl alcohol. Use caution to not leave the mouthpiece soaking in alcohol as this may damage the materials.

Warnings & Disclaimers

Recommended Cool Down

It is recommended to let the VEXIL cool down after 2 consecutive sessions to ensure a prolonged lifespan of the unit.

Isopropyl Alcohol Warning

Be advised when using isopropyl alcohol to clean your VEXIL. It is recommended to only use isopropyl alcohol for cleaning the chamber or the zirconia spiral and zirconia spiral holder.

Choking Hazard

The VEXIL contains small parts which may be a choking hazard to small children. Keep the device away from children.

Warnings & Disclaimers

Handling the VEXIL

- Do not drop, deform, bend, crush, puncture, incinerate, microwave, shred, paint, or insert foreign objects into a VEXIL or try to repair or modify the VEXIL yourself.
